

Implementing Web Application

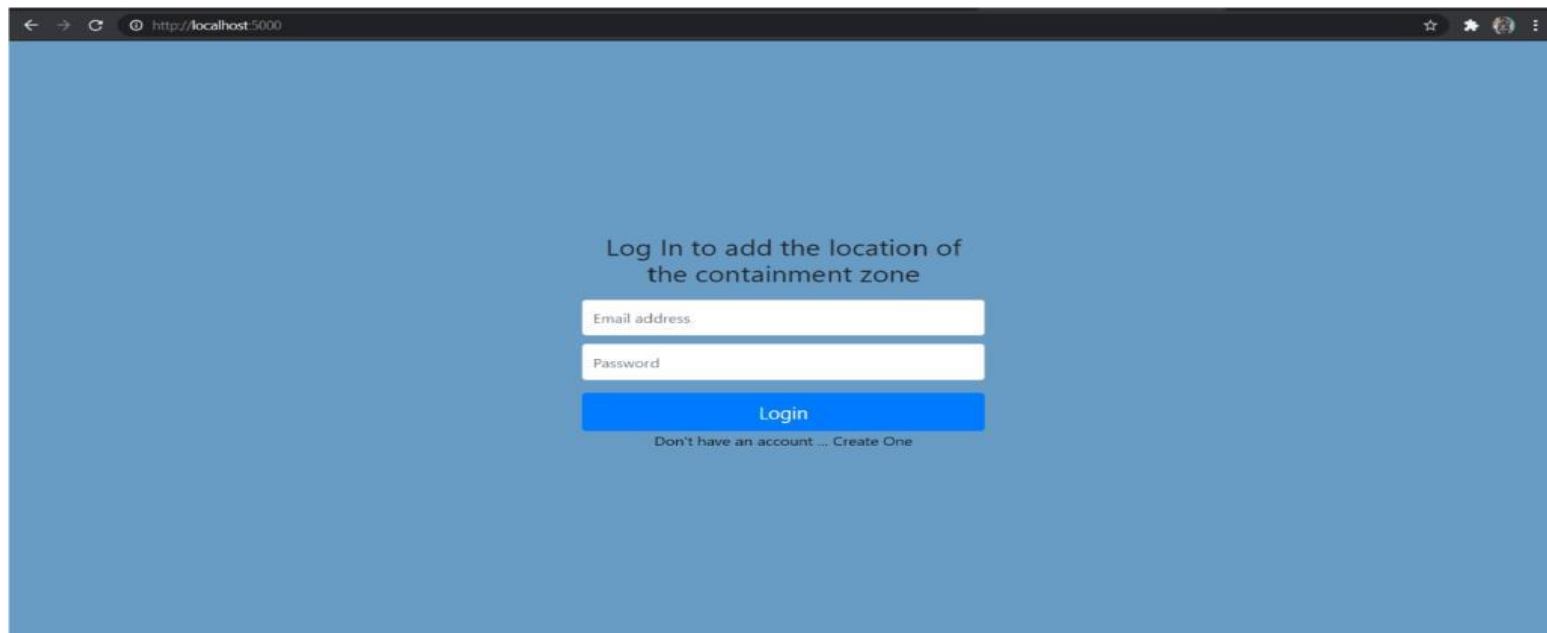

Create UI Interact with Application

Date	05 November 2022
Team ID	PNT2022TMID26804
Project Name	CONTAINMENT ZONE ALERTING

UI Interact with Application:

Admin App:

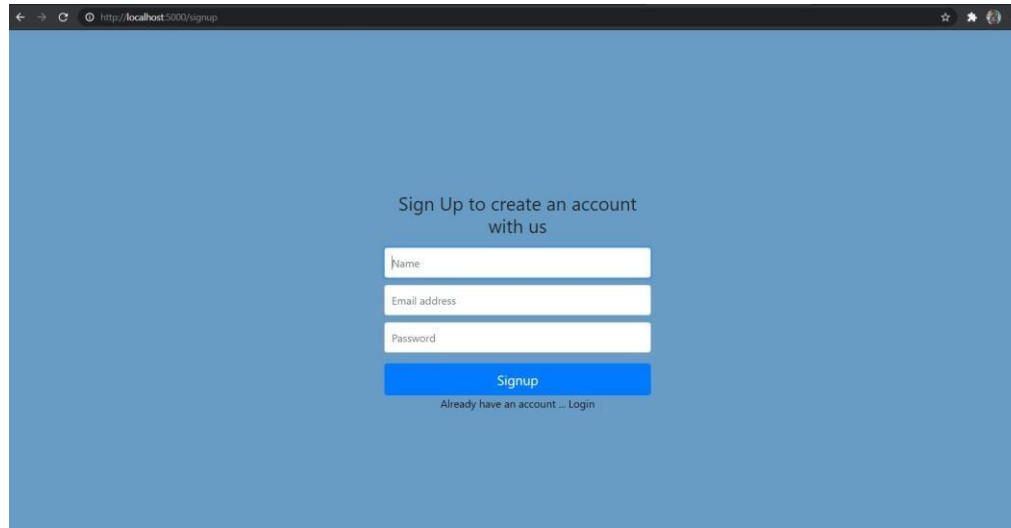

Login Page:

The screenshot shows a web browser window with the address bar displaying "http://localhost:5000". The page has a solid blue background. In the center, there is a white login form. The form contains the following elements:

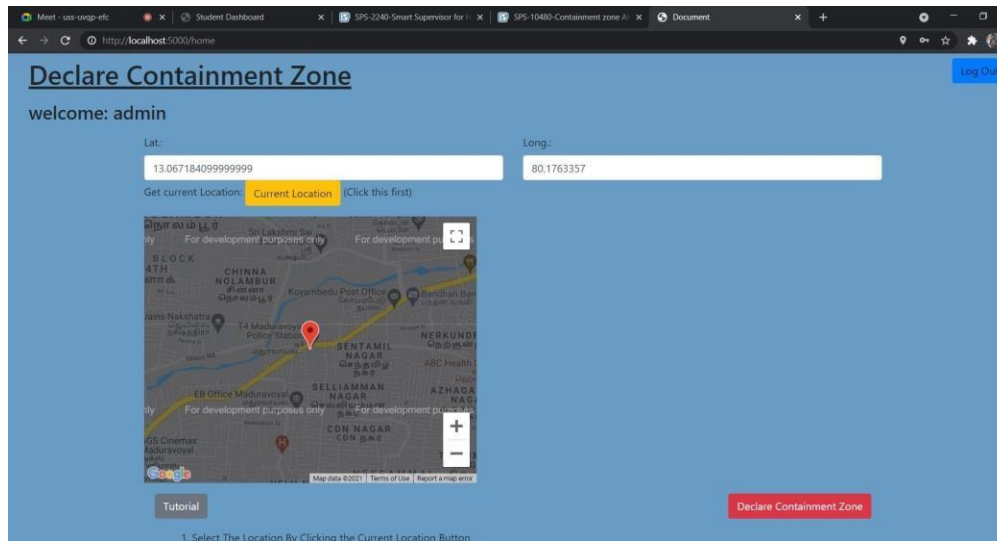

- A heading: "Log In to add the location of the containment zone"
- An input field labeled "Email address:"
- An input field labeled "Password"
- A blue button labeled "Login"
- A link below the button: "Don't have an account ... Create One"

Register page:

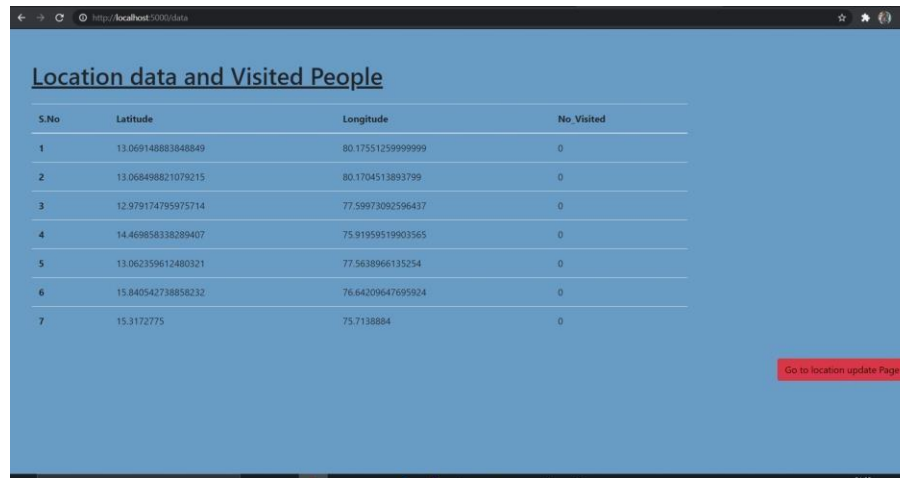

A screenshot of a web browser showing a registration page. The browser's address bar displays "http://localhost:5000/signup". The page has a solid blue background. In the center, the text "Sign Up to create an account with us" is displayed. Below this text are three white input fields labeled "Name", "Email address", and "Password". A blue "Signup" button is positioned below the input fields. At the bottom, there is a link that says "Already have an account ... Login".

Home page:

A screenshot of a web browser showing a home page for an application. The browser's address bar displays "http://localhost:5000/home". The page has a solid blue background. At the top left, the text "Declare Containment Zone" is displayed in a large, bold font. To the right of this text is a "Log Out" button. Below the title, the text "welcome: admin" is displayed. There are two input fields for "Lat." and "Long.". The "Lat." field contains the value "13.067184099999999" and the "Long." field contains the value "80.1763357". Below these fields is a "Get current Location" button and a "Current Location" button (highlighted in yellow). To the right of the "Current Location" button is the text "(Click this first)". Below the buttons is a map showing a street view of a city. At the bottom left, there is a "Tutorial" button. At the bottom right, there is a red "Declare Containment Zone" button. At the very bottom, there is a small text line: "1. Select The Location By Clicking the Current Location Button".

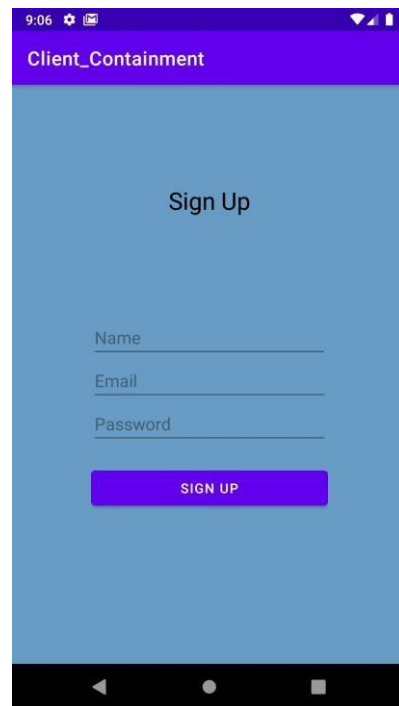

Location data page:

The screenshot shows a web browser window with the address bar displaying 'http://localhost:3000/data'. The page has a blue background and a title 'Location data and Visited People'. Below the title is a table with four columns: 'S.No', 'Latitude', 'Longitude', and 'No. Visited'. The table contains seven rows of data. A red button labeled 'Go to location update Page' is located at the bottom right of the table area.

S.No	Latitude	Longitude	No. Visited
1	13.069148883848849	80.17551259999999	0
2	13.068498821079215	80.1704513893799	0
3	12.979174795975714	77.59973092596437	0
4	14.469858338289407	75.91959519903565	0
5	13.062359612480321	77.5638966135254	0
6	15.840542738858232	76.64209647695924	0
7	15.3172775	75.7138884	0

Client Application:
Register screen:

The screenshot shows a mobile application interface with a purple header bar containing the text 'Client_Containment'. Below the header, the text 'Sign Up' is centered. There are three input fields labeled 'Name', 'Email', and 'Password'. Below these fields is a purple button labeled 'SIGN UP'. The bottom of the screen shows a black navigation bar with three icons: a back arrow, a circle, and a square.
